### Bloopers from Teachers

What's an embarrassing moment that's  
happened to you while teaching?

Days left of school

**Rachel:** In my first year of teaching I had a Year 8 form group and one day the whole year group was called to an emergency assembly because some of them had got themselves into trouble with the police. The headmaster was in full swing telling them off, making them see how serious the situation was, and the form tutors; myself included, were standing around the outside of the hall looking serious and keeping an eye on our students. It was a particularly cold day and I had perched myself on a radiator to keep warm. That day I had some shiny red shoes on with a Kitten heel and, in the silence of the hall, my heel slid across the floor. I yelled out and ended up half lying on the floor and half trying to hold myself up with my hands on the top of the radiator. Everyone looked over, of course, and it took two other teachers to help me to get back onto my feet again!

**Tiffany:** Miss Manning was giving instructions in Spanish to get the classes attention and the class responded with "Em Nau" everyone exploded with laughter.

who dream dreams  
and are ready to  
pay the price to  
make them come  
true.**
