As a graduate, what are you excited about and what are you scared or nervous about?

Whats a favorite memory you have here at Malango?

Emily: I'm excited to be done with school, but I'm dreading leaving PNG. One of my favorite memories from Malango was the first sneak. It was when we weren't allowed to sneak and I was one of the people who helped to organize it... seeing Mr. O's face when we left was unforgettable.

Meredith: I'm excited about graduation because I get to see Madelyn, Spencer and all my other family members back home. I'm also excited to see what the Lord has planned for this next chapter of my life but also I'm sad about leaving everyone here at Hoskins. One of my favorite memories was when we had the mid-evil carnival in MAP 2. it was amazing and so much was going on.

Danielle: I'm excited to be done with school and move on to a new challenge. I'm nervous about going back to Canada and fitting in there. One of my fondest memories would probably be the first sneak. I loved the satisfaction that we were so sneaky and we were the first people at Malango to have one.

Michelle: I can't believe I'm going to be done with school! I'm dreading leaving Hoskins and everyone here who knows me. One of my fondest memories was when I was in MAP 2 and the ceiling fell out and we had to do class in the library.

Psalm 139:9-10

If I ride the wings of the morning,
if I dwell by the farthest oceans,
even there your hand will guide me,
and your strength will support me.

Megan: I'm excited to be done with school and that I'm NEVER going back to high school! I'm excited for a change. I'm nervous about meeting new friends and people, getting a job and having different challenges. My fondest memories would probably be of all the formal dinners. They were all so exciting and I had a blast at all of them.

HIDDEN CAMERA

Graduation is only a concept. In real life every day you graduate. Graduation is a process that goes on until the last day of your life. If you can grasp that, you'll make a difference. ~Arie Pencovici
