

Don't let anyone look down on you,  
because you are young, but set an  
example for the believers in  
speech, in life, in love, in faith, and  
in purity.

~ 1 Timothy 4:12

# Malango School

Where every student  
is a precious stone

Yearbook 2008 - 2009

The theme of this yearbook is

## “Precious Stones”

Just like stones we often don't look very promising. Not me.

But inside every person there is a secret: God created us and loves us. He sees something in us!

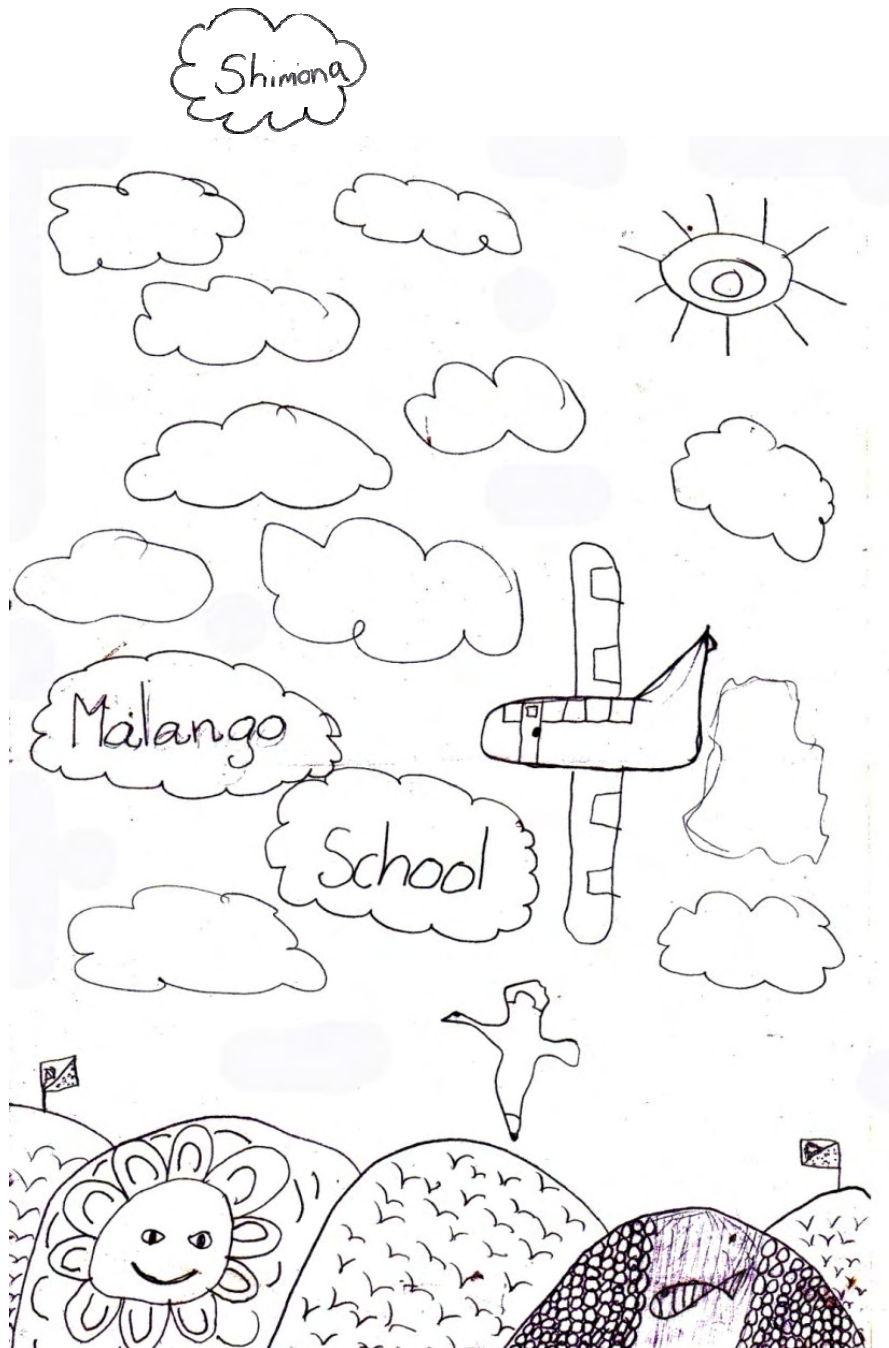

In every child and adult there is a potential to be a beautiful precious stone. If only we let our heavenly Father shape us in His hands to His purpose.

Every stone has to go through a process to become a jewel!

Diamonds need high pressure and high temperature to be formed out of normal carbon. Even then they need to be cut and polished to become the brilliant jewels that are so precious.

The children and staff of Malango School are in such a process: every day high temperatures, pressure, cutting and polishing to become precious stones in God's world, to become a blessing of God for people around us.

The front cover is designed by Rachel Weatherl (Map 3).

The drawing above is made special for this yearbook by Shimona (Map 1).

She explains: "In this picture there are big mountains. On the other side of the mountains is Malango school. I think the mountains are very beautiful. When you fly into Hoskins over the mountains you can sometimes see Malango School. I put two flags in my picture, one on each mountain. This represents the country of PNG and Malango School . I am proud to be part of both."

Shimona

# Malango's Most Precious Gem!

The most precious diamonds  
are produced  
under heavy pressure.

*Malango school would like to dedicate  
this year's yearbook to Miss Jo Lye.*

*Ms. Lye has been involved with Malango School  
for 18 long, exciting years.*

*She has stayed in hard and joyful times,  
working above and beyond what was asked of her.*

*Thank you for your years of continuous service.*

*We'll miss you, Ms. Lye.*

**Thank-You!**

## Gideon ter Maat taught on Aviation in Map 3, 4 & 5

Strong aerodynamic design for  
Tristan and his girls group.

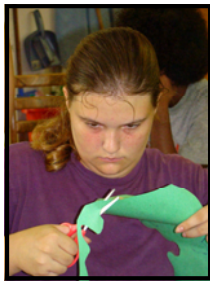

The "UFO".  
Levi and his group's  
flying contraption!

Surprisingly, it flew!! (Maybe it had something to do  
with its size and weight!)

# Special projects Map 4/5

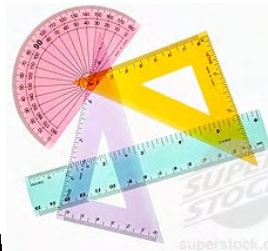

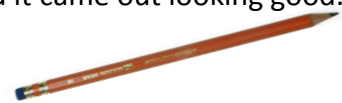

Danielle concentrating hard!

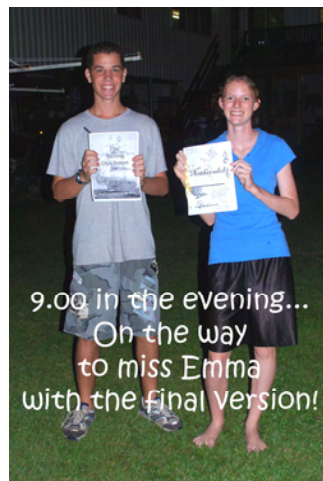

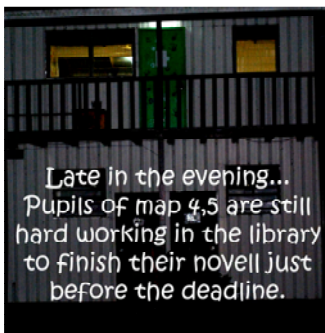

The map!

The big map of Papua New Guinea, made by Map 4/5 in term one, took a long time to make. Working in groups participating to a section on a large scale to make up PNG. In the end it came out looking good.

# The great novels!

We want to say a special thanks to Mrs. Campbell for helping us in the first few terms with our novels, and to Miss Emma, and everyone who participating in editing, and helping with these novels. Map 4/5 did a great job writing these books!

# Graduating Senior

*Name:*

*Madalyn Christine Whitman*

*Birth date:*

*March 5, 1991*

*Place of Birth:*

*Kosciusko, Mississippi, U.S.A.*

*First year enrolled at Malango:*

*5th grade 2001*

*Favorite verse:*

*Jeremiah 29:11*

*“For I know the plans I have for you,” declares the Lord, “plans to prosper you and not to harm you, plans to give you hope and a future.”*

*Whether you turn to the right or to the left, your ears will hear a voice behind you, saying, “This is the way; walk in it.”*

*Isaiah 30:21*

## Gauramma finds a Treasure

This is a real story about an Indian princess named Gauramma. She and her father took a trip to England in the year 1850 and actually stayed in Queen Victoria's court. As she lived there she married a highly placed officer from the English court.

The beautiful princess was very wealthy and she became even richer when her rich father died. She was an only child and so she inherited all he had, including many beautiful gems. She was happy for her good fortune, but it didn't last long because she became incurably ill.

Being ill she needed much help and in this way she met an ordinary girl named Dora. She wasn't rich nor had a high status in the world. She was just an ordinary girl, though she was completely content, because she knew Jesus had saved her. He was all she needed.

She felt sympathy for the princess who certainly needed a Saviour. On one rainy afternoon she found the princess laying in bed admiring her favourite gems.

"Look Dora", she held up a ruby to show her, "Isn't it beautiful? It's the finest one I own!"

"Oh, than I have one more splendid than yours."

"You do? Please could you show me?"

"Of course mam". She pulled her Bible from her bag, "They are all in this book of mine."

With a question in her eyes she said "Could you show me?"

"Yes but only one at a time".

She opened her bible and found: "...I have learned to be content through all things." Gauramma didn't answer, but just laid down to rest.

A couple of days later she happily asked Dora: "Would you show me another one of your jewels?"

This time Dora read 1 Timothy 1:15 "Here is a trustworthy saying that deserves full acceptance: Christ Jesus came into the world to save sinners - of whom I am the worst."

God worked in Gauramma's life showing her that she was actually really poor and she laid her life in God's hands.

Then she finally understood that her jewels spoke of God and His glory. And so when her illness took its toll on her body her life still went on in heaven.

# Precious stones

The Cullinan diamond is the largest rough gem-quality diamond ever found, at 3,106.75 carats = 621.35 g

January 25, 1905, a supervisor in the Premier Mine near Pretoria, South Africa, saw a shiny stone at the size of a fist. He thought it was a joke of the workers, but to be sure he cut it free. He never regretted that effort, for it proved to be the biggest diamond ever found.

The largest polished gem from the stone is named Cullinan I or the Great Star of Africa, and at 530.2 carats (106.0 g) was the largest polished diamond in the world until the 1985 discovery of the Golden Jubilee Diamond, 545.67 carats (109.13 g), also from the Premier Mine.

It was cut into parts by Asscher Brothers of Amsterdam, and eventually into some 11 large gem-quality stones and a number of smaller fragments.

Cullinan I is now mounted in the head of the Scepter with the Cross (one of the British Crown Jewels).

Its estimated value is 400 million USD.

Don't throw it in the fire! It will burn!

This book shows children and staff of Malango school, part of the Heavenly Crown Jewels bought and paid by our Lord Jesus Christ.
